Greetings!

Watch Out They're Creeping In

Jude 1:4

For there are certain men crept in unawares, who were before of old ordained to this condemnation, ungodly men, turning the grace of our God into lasciviousness, and denying the only Lord God, and our Lord Jesus Christ. (KJV)

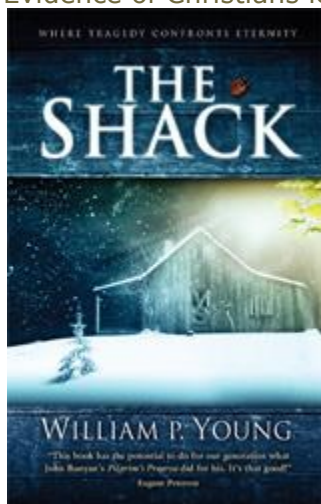

Jude warns us of false teachers who creep into a Church that is unaware of the deception that is taking place right under their noses. We are told through out scripture to be alert for the wolves in sheep's clothing. I believe the modern church is letting down its guard and being led into apostacy.

Jesus asks the intriguing question in Luke 18:8 "Nevertheless when the Son of man cometh, shall he find faith on the earth?" It seems as we get closer to Jesus coming back we will see faith disappear.

Jude exhorts us to "earnestly contend for the faith once [for all time] delivered to the saints".

Jude's epistle makes it clear that the faith (God's revealed truth, the gospel, which every Christian is to believe, obey and teach) never changes, that any revision or compromise thereof must be vigorously opposed and that contending for the faith is the responsibility of every Christian.

Evidence of Christians letting down their guard is

demonstrated by the acceptance of the blasphemous book [The Shack](#) I have not read the book and don't intend to but I have read about it. My daughter got the book and immediately quit reading it when she saw the heresy in it. The author degrades our Lord by bringing Him down to human images (idolatry).

And then the author dares to put words in the mouth of God. The book gives a false image of God and helps eliminate a great need we have in the church today, "The Fear of God".

What's sad is that so many Christians have accepted it as good theology.

Our image of God is so low many people think of God as an old man like George Burns wearing a baseball cap.

If you really want to know God get you a Bible and read it.

Be alert my brothers and sisters.
